Experience clubbing at a whole new, 'heightened' level - just flip on the ambient button and feel the vibes pulsing to the music. You may not reach a climax, but you'll definitely be stimulated! Tactfully designed so the pleasure is secretly all yours, you will enjoy the "Club Vibe" bullet that hides in your new sexy, thong panties. It stays on all night long to really keep you going - and when someone special speaks into your ear, you'll be all the more turned on!

The "Club Vibe" is a great gift to self, but also makes a creative present for anyone that wouldn't mind a naughty little twist that makes dance moves even hotter! The creators of the Club Vibe are Ohmibod, so go to [www.ohmibod.com](http://www.ohmibod.com) to explore all of their exciting shapes, sizes, and colors of vibrators that plug into your Ipod or Mp3, and be sure to check out the "Club Vibe". Get your groove on!

Ariola Luscious wants to thank Suki, the manufacturer of Ohmibod, for the generous Club Vibe 'donation'!
