OhMiBod!

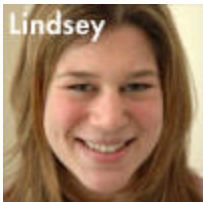

As the editor of REDBOOK's Sexier Sex page, the contents of my inbox tend to be a little less mundane than your average work mailbox--think sex manuals, lubricants, and today...

The [OhMiBod](#) vibrator. I knew this was definitely one for sharing. For a naughty price of \$69, it might just be the best bachelorette party gift you could give.

Here's the deal: Hook it up to your [iPod](#) (or any other MP3 player) and it'll vibrate to the beat of the song, and the volume will control the intensity. My favorite part is the iPod mini [garter accessory](#) for \$25 (similar to the iPod [arm sleeve](#) you sport at the gym, only, you know, hotter).

Nab one, then go start working on your sexy mix.
