**Official use:** Sync your iPod up to this space-age sex toy and let the Miami Sound Machine do the rest. The rhythm is gonna get you!

**Suggested use:** Swathe the OhMiBod in its neon, fruit-scented (!), circumcised (!! ) sleeve. Compile a thrash-metal playlist on your iPod. Slip the OhMiBod into your brother's pocket at a big family dinner. Hit play and enjoy ensuing hilarity.

-- Nicole Frehsee
