

# OhMiBod®

## ORIGINAL 3.OH

### Like No Other

- Two vibrators in one! Integrated multi-speed vibrator for use without music.
- Audio enabled microchip is seamlessly integrated into its elegant design.
- Easy to use. Simply connect to music player via 3 ft "freedom" cord with integrated splitter.

#### MUSIC MODE

- Optimized for all iPod® & iPhone® models, but compatible with other MP3 players and smartphones.
- Responds to both music and your lover's voice when using the iPhone®.
- Integrated audio circuitry converts music into vibrations.
- Volume controls vibration intensity.

#### MANUAL MODE

- Integrated buttons on vibrator transform OhMiBod into a manual, non-music powered vibrator which has 7 stimulating vibration patterns to choose from.

#### APP MODE

- Remotely control your massager
- Create and save personalized patterns
- Customize your pleasure

#### GENERAL FEATURES

- Molded from premium grade hypoallergenic non-toxic, non-porous ABS plastic with velvety touch and chrome finish accents. This product is phthalate free.
- Quiet, highly efficient and powerful motor.
- Overall length 8" (5 3/4" insertable); Diameter 1 1/8".
- 1 year manufacturer's warranty.

**Retails for \$59.**

#### INCLUDES

- Music vibrator (phthalate free)
- 3-foot freedom cord with integrated splitter
- 7 integrated patterns for use without music
- 2 AA batteries
- Satin privacy pouch
- Instruction manual

**NOTE:** iPhone earbuds with integrated volume control and speaker cannot be used with the splitter included.
